

# TRANE 2/4TFE AND 2TFB AIR HANDLERS

## Trane Profit-ability

### Sell-ability

- ≡ Compact Air-Tite™ cabinet
- ≡ Best appearance
- ≡ Matched systems
- ≡ Comfort-R™ on 2/4TFE models

### Install-ability

- ≡ Easy vertical installation
- ≡ R-22 and R-410A refrigerant on TFE models
- ≡ Tonnage 1.5 to 3.0

### Service-ability

- ≡ Easy-access control box
- ≡ Quick filter change with standard filters
- ≡ Easy cleaning inside

### Performance-ability

- ≡ 13.00 SEER or above
- ≡ Variable speed fan motor on 2/4TFE models
- ≡ 400 CFM/ton nominal airflow
- ≡ Thermostatic expansion valve

### Rely-ability

- ≡ Best reliability
- ≡ Quiet internal check valve

*It's Hard To Stop A Trane.®*

**TRANE LIMITED WARRANTY**  
5-year functional parts

## QUIET AND HIGHLY EFFICIENT, DESIGNED WITH YOUR CUSTOMERS IN MIND.

The 2/4TFE and 2TFB air handlers are the perfect solution for even **year round comfort** in residential replacements and upgrades where installation space is limited or in apartments, condominiums or townhouse new

construction where plans call for **over the water heater installation**. Those shorter models allow you to increase sales by adding a Trane air handler to create an **integrated system** without costly space-making renovations.

### Reliable performance

Precision engineering, design innovation and rigorous testing for reliable, long-lasting performance and durability.

### Better indoor air

Add a TRANE CleanEffects™ air cleaner to remove up to 99.98% of airborne allergens from the filtered air for a cleaner, more comfortable home.

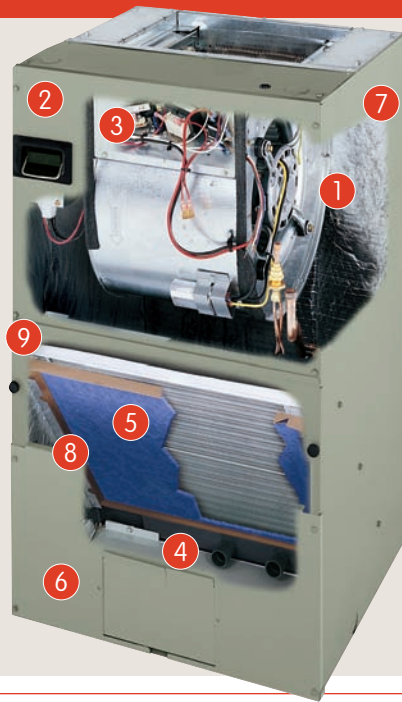

### Comfort control

Give your customers better comfort control with a Trane digital or programmable thermostat.

### Efficient operation

Increased efficiency may substantially lower customers' home cooling costs.

# TRANE 2/4TFE AND 2TFB AIR HANDLERS

Features and components may vary by model and are shown for illustration purposes only.

## 1 Variable speed motor

Fine-tune airflow depending on specific heating and cooling requirements (2/4TFE models only).

## 2 Compact Air-Tite™ cabinet

Only 37–39 inches tall to fit in smaller spaces.

## 3 Easy-access control box

Located behind one easy-to-remove panel for fast installation and service.

## 4 “No Leak” base pan

Rust-resistant, polycarbonate drain pan. Fully sloped to put an end to standing water.

## 5 Standard size filter

For easy off-the-shelf replacement.

## 6 Corrosion-resistant finish

Covers all panels uniformly to resist corrosion.

## 7 Insulated cabinet

Heavy steel and insulation protects from heating and cooling losses, and also lowers sound levels.

## 8 Fully gasketed doors

Reduces air leaks to improve efficiency, and decreases overall sound.

## 9 Easy-access filter doors

Standard off-the-shelf filters located behind one easy-to-remove door for quick and convenient filter change.

### 2/4TFE AIR HANDLER (R-22 or R-410A Refrigerant)

Model Number	Power Supply	Nominal Cap. Clg. (BTUH)	Heater KW	Ref. Con.	Flow Control	Fan Speed	Uncrated Dimensions (in.)
