

TRANE XB13 AIR CONDITIONER

Trane Profit-ability

Sell-ability

- ≡ Industry leader and brand reputation
- ≡ Precision engineering
- ≡ Approved matched systems
- ≡ Sound levels as low as 78 dB

Install-ability

- ≡ Quick-Sess™ cabinet
- ≡ Easy-access service valves

Service-ability

- ≡ Easy single-side access
- ≡ Easy top and fan removal
- ≡ Refrigerant components outside of coil
- ≡ Easy coil cleaning
- ≡ Roto-lock fittings/no brazing
- ≡ Standardized component locations
- ≡ Full-length control and service valve cover

Performance-ability

- ≡ Efficient, up to 13.25 SEER
- ≡ Spine Fin™ coil
- ≡ Climatuff® compressor

Rely-ability

- ≡ SEET tested
- ≡ Factory-installed liquid line filter dryer
- ≡ Quality components
- ≡ Tougher validation and design criteria

It's Hard To Stop A Trane.®

TRANE LIMITED WARRANTY

- 5-year compressor
- 5-year outdoor coil
- 5-year functional parts

MORE EFFICIENCY. A COMFORTABLE OFFERING.

The TRANE XB13 offers your customers the cool **comfort** they're looking for, with a SEER to **meet new federal regulations**. Incorporating many of the same **technical advancements** and **innovative features** found in our top-of-the-line super-efficiency units, and extreme-weather tested for durability, the XB13

is available at a price that puts it **within reach** for a wide segment of customers. It will deliver **substantial savings** on cooling bills year after year. The XB13— an air conditioner you can be **comfortable offering**, and your customers can be comfortable enjoying.

Reliable performance

Precision engineering, design innovation and rigorous testing for reliable, long-lasting performance and durability.

Better indoor air

Add a TRANE CleanEffects™ air filtration system and remove up to 99.98% of airborne allergens from the filtered air for a cleaner, more comfortable home.

Comfort control

Give your customers better comfort control with a Trane digital or programmable thermostat.

Efficient operation

Increased efficiency may substantially lower your customers' home cooling costs.

TRANE XB13 AIR CONDITIONER

Features and components may vary by model and are shown for illustration purposes only.

1 Climatuff® compressor

TRANE's Climatuff compressor has long been the standard for reliable operation. Whether the best-in-the-industry reciprocating or the new scroll design, you get superior durability, cost-saving efficiency and low sound levels.

2 Full-sided louvered panels

22-gauge, galvanized steel, louvered panels serve to keep the coil clean while protecting the coil surface from damaging elements like leaves, tree branches, hail and rambunctious neighborhood kids.

3 Baked-on powder paint

A finish that is virtually indestructible, even if the metal gets dented. 90,000 volts are applied to the paint as it exits the paint gun. The paint gives up its electrons to the grounded metal, resulting in a smooth finish. Maximum corrosion and rust resistance. Eliminates sharp metal edges. Attractively blends with any architectural style and outdoor landscape.

4 Spine Fin™ coil

Engineered with internally grooved, all-aluminum tubes that stir the refrigerant and enhance heat transfer. Carefully designed to maximize the inherent efficiency, durability and low maintenance requirements of single-row, radial-tube heat exchangers. Fabricated in continuous lengths with brazed connections only at the coil (or circuit) inlet and outlet. Eliminates return bends, resulting in dramatically lower leak potential.

5 DuraTuff™ base pan

Manufactured to exacting standards. Will not crack, warp, corrode or rust.

6 Quick-Sess™ cabinet with full coil protection

Allows easy access to electrical and refrigerant controls. Shortens installation and service time. Decreases unit downtime.

7 Easy-access service valves

Located off the ground and away from the cabinet, so the chance of burning the cabinet when connecting refrigerant lines is greatly reduced.

XB13 AIR CONDITIONER (R-22 Refrigerant)

Model	Nominal Tons	Height (in.)	Width (in.)	Depth (in.)
2TTB3018A	1.5	26	29	26
