

TRANE XL13c PACKAGED GAS/ELECTRIC HEATING AND COOLING SYSTEM

Your Profit-ability

Sell-ability

- ≡ Industry leader; solid brand reputation
- ≡ Clean, sleek lines; attractively updated design
- ≡ Great reliability and durability
- ≡ Quiet operation
- ≡ Choice of refrigerants, R-22 or R410A
- ≡ All-steel cabinet with appliance-grade finish
- ≡ Functional louvers and rounded corner guards for added safety

Install-ability

- ≡ Residential or commercial
- ≡ Easily converted for horizontal or vertical applications
- ≡ Factory built 12" and 18" duct covers for extra-clean, horizontal installation
- ≡ Panhead screws on supply and return panel for flush-fit duct connections
- ≡ Easy electrical and gas connections on the right side

Service-ability

- ≡ Easy access to compressor, blower and controls
- ≡ Liquid-line port in compressor compartment
- ≡ Drain pan is extra deep and steeply sloped to ensure drainage
- ≡ Stamped labels on access panels assist service technicians

Performance-ability

- ≡ Ultra quiet state-of-the-art ducted fan
- ≡ Durable weather-beater top easily sheds water
- ≡ All-aluminum Spine Fin™ coil for long-lasting performance
- ≡ Energy-saving Vortica™ blower provides strong airflow – quietly
- ≡ Up to 80% AFUE

Rely-ability

- ≡ Climatuff® compressor
- ≡ Stainless steel heat exchanger and burners for long life and added safety
- ≡ Weatherguard™ corrosion-resistant fasteners
- ≡ Extra-rigid foil-faced insulation for cleaner, longer performance

It's Hard To Stop A Trane.®

TRANE LIMITED WARRANTY

- 20-year heat exchanger
- 10-year compressor and coil
- 5-year functional parts

BUILD BUSINESS WITH A SYSTEM THAT'S DISTINCTIVELY DIFFERENT.

Trane offers a complete family of packaged gas/electric heating and cooling systems designed with **reliability** and **aesthetic appeal** in mind. The XL13c is an attractive packaged unit that looks as great as it works, blending seamlessly with any architectural style as it delivers **consistent comfort**, season after season. Features such as an **ultra quiet state-of-the-art ducted fan**, rounded corner

guards and our exclusive **all-aluminum Spine Fin™ coil** are just a few of Trane's unmistakable marks of safety, quality and durability. The result is a stylish, effective system that delivers the **best of both energy worlds**. With a **13-SEER** rating and **up to 80% AFUE**, and with a variety of comfort options to choose from, there's a packaged gas/electric system to **satisfy every customer need**.

Ultra quiet operation

The quietest unit at every tonnage, with sound levels as low as 69 dB.

Attractive appearance

Enhanced louvers and corner guards give the XL13c a cutting-edge design that complements any home.

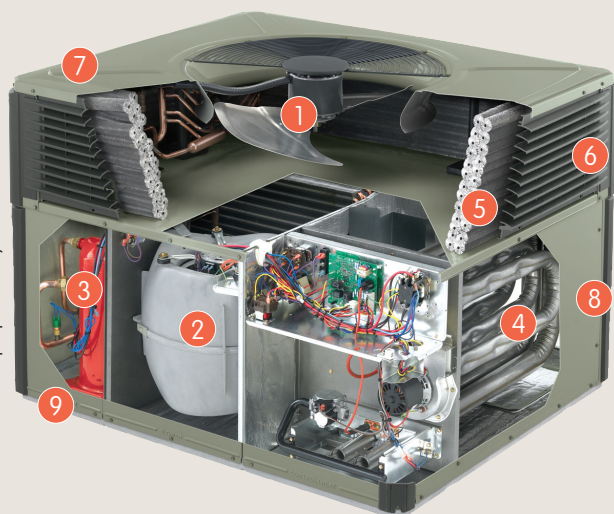

Reliable performance

Precision engineering, design innovation and rigorous testing for reliable, long-lasting performance and durability.

Comfort control

Give your customers better comfort control with a Trane digital or programmable thermostat.

TRANE XL13c PACKAGED GAS/ELECTRIC HEATING AND COOLING SYSTEM

Features and components may vary by model and are shown for illustration purposes only.

- 1 Ultra quiet state-of-the-art ducted fan**
High-efficiency motor and outdoor fan work flawlessly together for the quietest performance on the market.
- 2 Composite Vortica™ blower**
Advanced system uses less energy to produce more airflow with minimal sound. Slides out for easy service.
- 3 Climatuff® compressor**
The standard for reliable operation. Delivers superior durability, cost-saving efficiency and quiet operation.
- 4 Stainless steel heat exchanger and burners**
Featuring a new ultrasafe tubular design for reliable performance and peace of mind.
- 5 All-aluminum Spine Fin™ coils**
Thousands of tiny aluminum fins provide a larger surface area, resulting in enhanced airflow and heat transfer. Less likely to clog or corrode than traditional copper/aluminum coils – even under the harshest conditions.
- 6 Attractive, functional louvers and corner guards**
Automotive-grade, UV-resistant plastic components deliver added protection, safety and aesthetic appeal.
- 7 Durable weather-beater top**
Contoured and reinforced to shrug off the elements year after year.
- 8 Appliance-grade finish**
All-steel cabinet with baked-on powder paint for smooth, safe edges and years of protection.
- 9 Embossed service panels**
Allow easy access to compressor, blower and controls.
