

TRANE XL14c PACKAGED GAS/ELECTRIC HEATING AND COOLING SYSTEM

Your Profit-ability

Sell-ability

- ≡ Up to 14.25 SEER; solid brand reputation
- ≡ Clean, sleek lines; attractively updated design
- ≡ Great reliability and durability
- ≡ Quiet operation
- ≡ All-steel cabinet with appliance-grade finish
- ≡ Functional louvers and rounded corner guards for added safety

Install-ability

- ≡ Residential or commercial
- ≡ Easily converted for horizontal or vertical applications
- ≡ Factory built 12" and 18" duct covers for extra-clean, horizontal installation
- ≡ Panhead screws on supply and return panel for flush-fit duct connections
- ≡ Easy electrical and gas connections on the right side

Service-ability

- ≡ Easy access to compressor, blower and controls
- ≡ Liquid-line port in compressor compartment
- ≡ Drain pan is extra deep and steeply sloped to ensure drainage
- ≡ Stamped labels on access panels assist service technicians

Performance-ability

- ≡ Variable-Speed blower motor and Comfort-R™ enhanced airflow system
- ≡ Ultra quiet state-of-the-art ducted fan
- ≡ Durable weather-beater top easily sheds water
- ≡ All-aluminum Spine Fin™ coil for long-lasting performance
- ≡ Energy-saving Vortica™ blower provides strong airflow – quietly
- ≡ Up to 80% AFUE
- ≡ 2 stage gas heat

Rely-ability

- ≡ Climatuff® compressor
- ≡ Stainless steel heat exchanger and burners for long life and added safety
- ≡ Weatherguard™ corrosion-resistant fasteners
- ≡ Extra-rigid foil-faced insulation for cleaner, longer performance

It's Hard To Stop A Trane.®

TRANE LIMITED WARRANTY

- 20-year heat exchanger
- 10-year compressor and coil
- 5-year functional parts

PUMP UP EFFICIENCY - AND YOUR BOTTOM LINE.

With higher SEER ratings, the XL14c is an attractive packaged unit that looks as great as it works, blending seamlessly with any architectural style as it delivers **consistent comfort**, season after season. Features such as a **Variable-Speed blower motor with Comfort-R**, ultra quiet state-of-the-art ducted fan, rounded corner guards and our exclusive **all-aluminum Spine Fin™ coil** are just a

few of Trane's unmistakable marks of safety, quality and durability. The result is a stylish, effective system that delivers the **best of both energy worlds**. With a **14+ SEER** rating and **up to 80% AFUE**, and with a variety of comfort options to choose from, there's a packaged gas/electric system to **satisfy every customer need**.

Ultra quiet operation

The quietest unit at every tonnage, with sound levels as low as 68 dB.

Attractive appearance

Enhanced louvers and corner guards give the XL14c a cutting-edge design that complements any home.

Reliable performance

Precision engineering, design innovation and rigorous testing for reliable, long-lasting performance and durability.

Comfort control

Give your customers better comfort control with a Trane digital or programmable thermostat.

TRANE XL14c PACKAGED GAS/ELECTRIC HEATING AND COOLING SYSTEM

Features and components may vary by model and are shown for illustration purposes only.

1 Variable-speed blower motor with Comfort-R™

Operates at lower, more efficient speeds than conventional motors. With Trane's exclusive Comfort-R feature, there is greater humidity control during cooling.

2 Ultra quiet state-of-the-art ducted fan

High-efficiency motor and outdoor fan work flawlessly together for the quietest performance on the market.

3 Composite Vortica™ blower

Advanced system uses less energy to produce more airflow with minimal sound. Slides out for easy service.

4 Climatuff® compressor

The standard for reliable operation. Delivers superior durability, cost-saving efficiency and quiet operation.

5 Stainless steel heat exchanger and burners

Featuring a new ultrasafe tubular design for reliable performance and peace of mind.

6 All-aluminum Spine Fin™ coils

Thousands of tiny aluminum fins provide a larger surface area, resulting in enhanced airflow and heat transfer. Less likely to clog or corrode than traditional copper/aluminum coils – even under the harshest conditions.

7 Attractive, functional louvers and corner guards

Automotive-grade, UV-resistant plastic components deliver added protection, safety and aesthetic appeal.

8 Durable weather-beater top

Contoured and reinforced to shrug off the elements year after year.

9 Appliance-grade finish

All-steel cabinet with baked-on powder paint for smooth, safe edges and years of protection.

10 Embossed service panels

Allow easy access to compressor, blower and controls.
