

TRANE XL16c PACKAGED GAS/ELECTRIC HEATING AND COOLING SYSTEM

Your Profit-ability

Sell-ability

- ≡ Up to 16.6 SEER and ENERGY STAR® qualified
- ≡ Industry leader; solid brand reputation
- ≡ Clean, sleek lines; attractively updated design
- ≡ Quietest performance on the market
- ≡ Great reliability and durability
- ≡ All-steel cabinet with appliance-grade finish

Install-ability

- ≡ Residential or commercial
- ≡ Easily converted for horizontal or vertical applications
- ≡ Factory built 12" and 18" duct covers for extra-clean, horizontal installation
- ≡ Panhead screws on supply and return panel for flush-fit duct connections
- ≡ Easy electrical and gas connections on the right side

Service-ability

- ≡ Easy access to compressor, blower and controls
- ≡ Liquid-line port in compressor compartment
- ≡ Drain pan is extra deep and steeply sloped to ensure drainage
- ≡ Stamped labels on access panels assist service technicians

Performance-ability

- ≡ Variable-speed blower motor with Comfort-R™ enhanced airflow system
- ≡ Two-stage gas heat and two-stage electric cooling
- ≡ Ultra-quiet, state-of-the-art ducted fan
- ≡ All-aluminum Spine Fin™ coil for long-lasting performance
- ≡ Energy-saving Vortica™ blower provides strong airflow — quietly
- ≡ Up to 80% AFUE

Rely-ability

- ≡ Climatuff® two-stage compressor
- ≡ Stainless steel heat exchanger and burners for longer life and added safety
- ≡ WeatherGuard™ corrosion-resistant fasteners
- ≡ Extra-rigid foil-faced insulation for cleaner, longer performance

It's Hard To Stop A Trane.®

TRANE LIMITED WARRANTY

- 20-year heat exchanger
- 10-year compressor and coil
- 5-year functional parts

THE TOTAL PACKAGE FOR EFFICIENCY, COMFORT AND PROFITS.

With some of the highest SEER ratings for packaged gas/electric systems in the industry, the TRANE XL16c is ideal for customers looking to **save on energy costs** and **enjoy total comfort** all season long. Delivering exceptional efficiency of **up to 16.6 SEER**, the XL16c features a **Climatuff® compressor with two stages of electric**

cooling, plus the added flexibility of **two-stage gas heat**. Advanced features, like a **variable-speed blower motor with Comfort-R™**, **ultra-quiet ducted fan** and **all-aluminum Spine Fin™ coil**, also add up to outstanding performance and reliability for your customers and revenue-generating potential for you.

Ultra quiet operation

The quietest unit at every tonnage, with sound levels as low as 70 dB.

Attractive appearance

Enhanced louvers and corner guards give the XL16c a cutting-edge design that complements any home.

Reliable performance

Precision engineering, design innovation and rigorous testing for reliable, long-lasting performance and durability.

Comfort control

Give your customers better comfort control with a Trane digital or programmable thermostat.

Efficient operation

Two-stage operation and variable-speed blower motor with Comfort-R™ provide increased energy efficiency.

TRANE XL16c PACKAGED GAS/ELECTRIC HEATING AND COOLING SYSTEM

Features and components may vary by model and are shown for illustration purposes only.

1 Variable-speed blower motor with Comfort-R™

Operates at lower, more efficient speeds than conventional motors. With Trane's exclusive Comfort-R feature, there is greater humidity control during cooling.

2 Ultra-quiet, state-of-the-art ducted fan

High efficiency motor and outdoor fan work flawlessly together for the quietest performance on the market.

3 Composite Vortica™ blower

Advanced system uses less energy to produce more airflow with minimal sound. Slides out for easy service.

4 Climatuff® two-stage compressor

Two stages of heating and cooling provide exceptional comfort, cost savings and quiet operation.

5 Stainless steel heat exchanger and burners

Featuring a new ultra-safe tubular design for reliable performance and peace of mind.

6 All-aluminum Spine Fin™ coil

Thousands of tiny aluminum fins provide a larger surface area, resulting in enhanced airflow and heat transfer. Less likely to clog or corrode than traditional copper/aluminum coils — even under the harshest conditions.

7 Attractive, functional louvers and corner guards

Automotive-grade, UV-resistant plastic components deliver added protection, safety and aesthetic appeal.

8 Durable weather-beater top

Contoured and reinforced to shrug off the elements year after year.

9 Appliance-grade finish

All-steel cabinet with a baked-on powder-painted coating for smooth, safe edges and years of protection.

10 Embossed service panels

Allow easy access to compressor, blower and controls.

TRANE XL16c PACKAGED GAS/ELECTRIC MODELS

XL16c Series Model	Actual SEER	Sound Rating (dB)	Nominal Tonnage	Height (Inches)	Width (Inches)	Depth (Inches)
